

Don't Eat Frosty!

To Play: Place a small candy on each snowman. One person leaves the room. The remaining players agree on one secret "Frosty". Then the player comes back into the room and begins picking up and eating one candy at a time. When the player picks up the secret snowman, everyone yells "DON'T EAT FROSTY!" The player loads the game board again, and another player leaves the room. Play over and over. Have fun!
